By Anonymous (accordam ahzan) petition dt 1.2.9.43 from Challakere stating that messrs V K Kalappa & C Krishna Rao have to be taken as a great discomfiture that the Govt is requested in its action re the Sale of the Shandy area

~~Reference to the petition & the Deputy Commissioner's report~~

Letter No A6 8/43-44 dt 24.9.43 from the D.C. Chitaldrug forwarding the Report called for

12) 17) On the allegations of messrs V. Kalappa & C. Krishna Rao the D.C. Chitaldrug Dist reports that the Shandy area sold on 1st Sept does not lie in a low area making it unfit for habitation. The ASst Engineer's quarters, Municiple Khana & the Veterinary Dispensary are all in the same level as the Shandy maidan

Dispute of Chandrasekaran - Chellakere Mly

Continuation Sheet File No / Current No of Page

13) If As regards the allegation that the area now sold contains a "ಕೆರೆಕಟ್ಟೆ" endorsed by one Kanakatte Ramanna (Kanakatte) for the benefit of the public, reference is invited to GO dt 21.7.1896 (Flag 7) & GO No 5054-6/ML 28 28-12 dt 17.1.1930 (Flag 8) which show that the Shandy area was acquired by the Chellakere Mlty with due Govt. sanction

1) The contention that the decision of the Mn cl to sell away the Shandy area was carried by the help of the casting vote of the president is not true, as the proceedings flagged H reveal

1) by the Sale Again, the point that the Mn cl has realised Rs 3,90,000/- which might be just equal to the funds spent up till now by the Municipality to bring the area to its present condition, & that the Municipality has to spend nearly Rs 20,000/- for equipping the new Shandy premises are equally baseless as the materials of the present shandy will be utilised in the new shandy at a nominal cost

1) Finally, the allegation that the sale has been irregular in as much as the President has received only 1/6 the bid amount on the spot while resolution of the Mn cl was for the payment of the full amount of the bid on

the spot, carries not much force, as the public present on the sale day insisted that the petitioner about the ~~late~~ payment of the bid amount on the spot, would act as a great hardship on them. We have also ratified the action of the Asst. President in having received only 1/4 of the bid amount

2(g) The municipality has realised from the sale a sum of Rs 39,000/- which is a very good price & which will be utilised for the initial expenditure of the proposed High School proposed to be started at the place from shortly

2(h) Strange to note the petitioners messrs V K Kalappa & Krishna Rao are not on the Challakere Municipal at all

2(i) On the above grounds, the Deputy Commissioner, Chitaldrug does not uphold the action of the Challakere Municipal in not sale of the Khoudy area at the place for a good price of ~~Rs 39,000~~ Rs 39,000/- and states that the allegations made by messrs Kalappa and Krishna Rao are untenable

3) As noted above, the Deputy Commissioner has met all the points mentioned in the Kalappas petition. Kind reference is also invited to the annexure petition (Page A), wherein it is alleged that the land in Kalappa is a many

26) It will be seen from the records that the sale of the lots has been held regularly in accordance with the resolution of the Chellakere Municipal Council. The lots have fetched very good prices. There are no petitions from any of the persons of Chellakere etc, protesting against the sale. The sale is in favour of Conforming the sale held, as necessary that none of the grounds urged by the petitioner is tenable

Respected Sir,

I may be obliged by being allowed to bring to your kind notice the following facts.

I am aware of the fact that your time is very precious and also that you have many more precious engagements. Still, your sympathy in attending to the matters of public importance and benefit, has emboldened me to approach you and however I shall be brief to the point

28 6 43
Leave Sanctioned
GOVT LAW DEPT.
30/6
GOVT OF MYSORE

During your last visit to Chellakere, you had the pleasure of seeing the

Shandy area in front of the TB,
and you were kind enough to hear
me and others' representations
in connection with the Bazar.
This Shandy area is on a very
low level and you were pleased
to remark that it is unsuited
for habitation A ಧರ್ಮದ ಕಟ್ಟೆ
is existing on this area giving
plenty of shade & shelter
to the traders who attend the
Shandy The public are ever
grateful to the noble soul
of Kanakatte Ramanna who
has made a gift of
this area so long back as 1870
The donor's intention was that
this area should be kept
for Shandy and the ಧರ್ಮದ ಕಟ್ಟೆ
to be maintained for public
benefit The permanent records
in the Taluk Office prove this
Few years later this area
was refused to be granted

on darkhast as it was to be kept for Public benefit The then SDO has passed clear orders. Subsequently Govt have converted this land to non agricultural purposes and the municipality have been enjoying the benefit of toll since few years

You will kindly allow me to say that it is the sacred duty of the Govt or the local board to Comply with the injunctions & intention of the Donors and you know the law on the point

Such is the nature of the property and the Municipality decided to sell the Shandy area of course with the help of the weighty casting vote of the then Presedent Amildar who ~~as Chairman there would~~ presumably was ignorant of these Oct 1953 local affairs as they date so long back as 1870. This Shandy area has been demarkated into lottes and sold on 22 6 43 The purchasers are required to constructed dwelling houses

Only in this low level just adjoining the wet lands on the East. I am sorry to mention that your directions as is mentioned in the tour Notes have not been complied with the public opinion has allways been against disposing off the Shandy area for any other purpose than that was intended by the Donor

The sale proceeds amount to nearly thirty nine thousandths only which might be just equal to the funds spent upto till now by the Municipality to bring the area to its present condition to Construct the new Shandy again the Municipal funds have to be wasted to an extent of twenty thousandths for Constructing Sheds, pials, water storage, taps, and toy house etc not taking into account the amount required to demolish

all these things Standing on the present Shandy area This Scorched Earth policy is not justifiable at any rate in this famine Stricken place In the new intended Shandy area not a tree can be grown as the soil is Sandy It is on high level far from the town, open to storm & wild weather, without any shade or shelter.

For dwelling purposes there is no open space in other directions & within Municipal limits and better suited for Constructing houses To Convert the present Shandy area into Sites is to be Condemned from other aspects also

Even the sale on 22 6 '43 has been irregular and the Sale Conducting Officer has acted Contrary to the powers delegated to him by the Council On 21 6 43 the Council resolved that the bid amounts must be received in full on the spot before accepting the final bid

But the President has taken one fourth of the bid amount & has given time for payment of the remaining amount. The Sale Notification does not embody all the Conditions of sale

I humbly submit that you may kindly order for the records and after perusing the whole records, pass orders you deem fit in the matter .. I am actuated with the motive of rendering service to the public and seek redress at your hands

Pray Cancel the Sale and direct the Municipal Council, Chellakere, to retain the above mentioned area for Shandy purposes only.

I beg to remain,
Respected Sir,
Yours faithfully

To

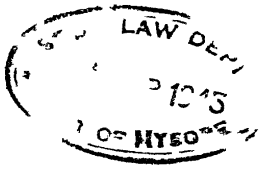
Sriman H B Gundappa Gowdaru B A ,B L.
Minister for L S G , with the
, Government of Mysore,
Bangalore



Honoured Sir,

Permit me to approach you with the following request in continuation of my despatch to you on 25-6-'43

I deem it my duty to mention that your goodness was pleased to issue a stay order requiring the Ml Council, Chellakere, to abstain from proceeding further in the matter of shandy area which was sold on 22-6-'43 I am thankful & obliged to you for this act of kindness

I had put in an application to the MlCouncil, Chellakere, on 25-6-'43, requesting them to cancel the said sale, on grounds of irregularity in the sale and quoting the provisions of the Law as well Mr C Krishna Rao, Pleader, had filed Vakalat on my behalf Because the Ml Council never cared to intimate anything, either direct to me or through my Lawyer, I put in another memo on 25-8-'43, requesting the President of the Ml Council to give an endorsement as to whether my prior application dated 25-6-'43 was disposed and if so, in what manner Even for this memo, no endorsement is given to me or to my Lawyer uptill this date

Hence I have to approach you for the second time in the matter and the certified copies furnished by the Taluk Office disclose that this shandy area was gifted by Kanakatti Ramanna for purposes of shandy The intention

The intention of the Donor may kindly be considered as sacred and binding on the Donee. I am prepared to furnish these copies at any time before you

Subsequent to the sale, however, the Director of Public Health visited the spot and his opinion as to whether this shandy plot is a lower level, whether it is suited for dwelling houses being adjacent to wetland S NO,19, may be of much value in deciding this question of cancelling the sale

I do not want to repeat things mentioned in my prior petition to you and if the Deputy Commissioner had visited this spot and held a public enquiry, true public opinion would have been got Atleast, the opinion of the Engineering department should have been taken, to know whether this shandy area is lower in level by atleast ten feet than the surrounding Government buildings

Just to enable you to read the mind of the concerned, I might mention, that in the MI Office records, an application by the father of the present vice-president is available even now, which shows his eagerness to get the whole shandy area for himself for a lumpsum An impartial enquiry will disclose that the son-in-law of a member has purchased in the said sale few sites, and few other benami transactions have happened

It is now put forth by some of these members that the proceeds of this sale would be given over to the construction of a High School in this place Appearances are deceptive These members were real obstacles in the earnest attempts made by several of us long before to get the High School sanctioned We can prove all this if it is necessary Few years back when D D P I & other high officers of the Education department had come here, we offered to collect donations for the High School and even

now I undertake to collect the amount recuired to run the High School within two months The promisses of severeal gentlemen made before the D D P I, makes me bold to say that the amount for the High School can be deposited with the Government Even if the Municipality are really interested in starting a High School, they need not sell this shandy area much against the public opinion and contrary to Law, to get funds There is good lot of space within the municipal limits in chitaldrugh road and if this is demarked into sites, I am sure it will fetch more than 60,000/Rs to the Municipality

By selling the present shandy area nothing will be achieved than crimanal waste of municipal funds twice over the same construction of shandy old and new

I beg your leave to request you to kindly make it convenient to visit our district and taluk, to bless us with your good office The wholesome truth also can be had by perusing the old records which contain very many petitions by the public praying for the retention of this shandy area and it is very strange that a local public enquiry is not ordered inspite of so much agitation Or I may be excused for having said so At any rate no public enquiry is held regarding this uptill now I submit that the opinion of the rate payers and the villagers is very essential in disposing this matter and so you will be pleased to order for the same

From the records alone if you are convinced of the unjust action of the Ml Council, I request you to kindly order the sale to be cancelled in the interest of the public and oblige Yours faithfully,

Respected Sir,

I may be obliged by being allowed to hrin bring to your third notice the following. I am conscious of the fact that your time is very precious, and also that you have many more precious engagements. Still,your sympaty in attending to the matters of public importance and benefit, has emboldened me to approach you and however I shall be brief to the point

During your last visit to chellalere you had the pleasure of seeing the shandy area infront of the T.B, and you were kind enough to hear our representations in connection with the same.

This shandy area is on a very low level and you were pleased to remark that it is unsuited for habitation. A [illegible] is existing on this area giving plenty of shade and shelter to the trader who attends the shandy. The publicare ever grateful to the noble soul of [illegible] marma who has made a gift of this area so long back as 1870 the Donor's intention was that the same should be kept for shandy and the [illegible] to be maintained for public benefit. The records permanently preserved in the taluk office prove this Few years later this area was refused to be granted on permanent lease to be kept for public benefit. The then D.C had passed clear orders. Subsequently Government have converted this land to non-agricultural purposes and the Municipality have been carrying on shandy enjoying the benefit of toll since few years

You kindly allow me to say that it is the sacred duty of the Government or the Local Boards to carry out the injunctions & intention of the Donor and you know the Law on the point

Such is the nature of the property and the municipality decided to sell the shandy area ofcourse with the help of the weighty casting vote of the then president Mr who precisely was ignorant of these local affairs as they were in 1870 This shandy area has been demarked into sites and sold on 22-6-63 The purchasers are required to construct dwelling houses only in this low level, just adjoining the wet lands on the east I am sorry to mention that your directions as incertioned in the tour notes have not been complied with The public opinion has always been against disposing off this shandy area for any other purpose than that was intended by the Donor

The sale proceeds amount to nearly 39 thousand which might be just equal to the funds spent untill now by the municipality to bring the area to its present condition To convert the new shandy again the municipal funds have to be wasted to an extent of 20 thousand for constructing sheds, pipl water storage, taps, octroi house etc, not taking into account the amount required to demolish all these things now standing on the present shandy area This scorched earth policy is not justifiable at any rate in this famine stricken area

In the new intended shandy area not a

not a tree can be grown as the soil is sandy. It is on a big level, far from the town, open to storm and ill weather without any shade or shelter. For dwelling purposes there is lot of open space in other directions and in their municipal limits and better suited for constructing houses. To convert the present area into sites is to be cordoned from other respectables.

Even the sale on 24-6-43 has been irregular and the sale conducting officer has acted contrary to the powers delegated to him by the Council on 21-6-43. The Council resolved that the bid amounts must be received in full on the spot before accepting the final bid. But the president has taken one-fourth of the bid amount and has given time for payment of the remaining amount. The sale notification does not embody all the conditions of sale. I humbly submit that you may kindly order for the records and after perusing the whole records pass orders you deem fit in the matter. I am actuated with the motive of rendering service to the public and seek redress at your hands.

May cancel the sale and direct the municipal council challaberre to retain the above mentioned area for the charity purposes only.

Sir

Adverting to your letter No L 12698/11 120-42-206 dated the 29th June 1943 forwarding a copy of Telegram(Flag A) addressed to the minister Local Self Government and Public Health, by Mr Kalappa, merchant and subsequent letter (Flag B) No 427/M1 dated the 9th July 1943 forwarding a copy of petition (flag C) by Mr C Krishna Rao Pleader, Chitaldrug, protesting against the sale of sites formed in the Shandy area of Challakere I have the honour to state as follows

The President, Challakere Municipal Council, reports(flag D) that the matter was placed before the Municipal Council, at its meeting convened on the 6th instant and the allegations urged in the Petition have been discussed in detail That the plot of land now sold as sites for residential purposes is not suited for habitation as it lies in a low level, is not a fact, as the existing adjoining buildings viz , the Assistant Engineer's quarters, Musafirkhana and the Veterinary Dispensary are all in the same level as the shandy maidan As regards allegation that the area now sold contains a 'ಧರ್ಮಛತ್ರ' endowed one Hanakalle Ramanna for the benefit of the public, the President reports that Government in their order (Flag F) No 769-70/R 309 dated 8 July 1896, have sanctioned the appropriation of 7 acres and 4 guntas S No 16(the present shandy maidan), for purposes of municipal Garden A copy of the Government Order(Flag F) is enclosed in the records D resurvey, the remaining extent of this original S No 16 was formed in R S Nos 18 19 and 20 Out of the latter an extent of 2 acres and 10 guntas has been sanctioned for the extension of the Shandy maidan, as per No 5054-6/11 28-28-10 dated 17th January 1930, (vide Letter

Flag G) It is therefore clear that the extent mentioned above has been taken over by the Municipality under sanction from competent authorities and that the contention raised in the Petition of Mr Krishna Rao, that it was a free gift to the Municipality by a private gentleman, is untenable and that the Municipality is unaware of any such gift

It is contended that the Shandy area was decided to be sold in public auction with the help of the weighty casting vote of the President At the meeting of the Municipal Council held on 1st April 1943,(Flag H) it was resolved that the Shandy area may be divided into sites in consultation with the Sanitary Engineer and disposed of by public auction There was no question of any casting vote by the President as alleged, as seen from a copy of the resolution enclosed in the records

It is stated in the petition referred to above that the Municipality has realised about Rs 39,000/- which might be just equal to the funds spent up till now by the Municipality to bring the area to its present condition and that the Municipality has to spend nearly Rs.20,000/- for the construction of sheds, pials, water storage tapas etc , in the new shandy maidan The President reports that the Municipality has disposed of sites from the compound of the Veterinary Dispensary up to the water trough in the present Shandy maidan This water trough and the Municipal Well located in the water works Engine shed will be included in the New Shandy area and that there is no necessity to spend an amount of Rs 20,000/- Only stalls will have to be constructed using the materials that will be available after dismantling the existing stalls with a little cost

It is also alleged that the sale held has been irregular in as much as the President received one fourth of the bid amount, while it had been resolved by the Municipal Council that the full amount of bid should be paid on the spot There was no meeting of the Municipal Council on the 21st June 1943 as alleged but the meeting held on 23rd June 1943(flag I) the action of the President in receiving ¼ of the sale amount has been ratified, as it was represented by the Public present at the time of the sale that payment of the full amount would act as a hardship on them

Under the circumstances reported above, and supported by the Municipal Council at its meeting convened on the 6th August 1943 (flag L), I consider that there is no force in the contentions of M Kalapra and Mr C Krishna Rao and there are not sufficient grounds to cancel the sale already held Mr Kalapra and Mr C Krishna Rao are not even on the Municipal Council Besides

the Municipality has realised nearly Rs 39,000/- , The price realized is very good Out of this, it is proposed to meet the initial expenditure of the proposed Municipal High School to be started, from ~~the~~ June 1944

The entire file of records ending with Challakere Municipal President's report No 1541/42-43 dated the 14th August 1943 is herewith submitted for favour of kind perusal and return After the records are returned, action will be taken to confirm the sale

I have the honour to be,
Sir,
Your most obedient servant,

Deputy Commissioner,

Respected Sir,

Please permit me to thank you for having given me audience at Davangere during your recent tour

When the question of High School to Chellakere was raised by Mr.K T Vasudeva Reddy, you were pleased to hear me and I am one of the many who are prepared to donate for that purpose. For finding funds to the High School, the Municipality need not sell the present shandy area much against the public opinion and defying the intention of the Donor of the shandy area I have enclosed a copy of the petition presented by me to the Minister for L S.G, in this matter May I request you to please go through the same and help the public of this place by seeing that the present shandy area is retained

Sir,

Subject - Sale of sites in the Shandy Maidan at Challakere

Adverting to your letter No L 5279/41, 120-42-23, dated the 22nd instant calling for explanation for the delay in the submission of the records relating to the sale of sites in the shandy maidan of Challakere, I have the honour to request you to kindly return the records sent with this office letter No A6-8/43-44, dated the 29th September 1943, to find out the various stages of delay and to obtain explanation of those responsible for the same

In this connection, I may be permitted to state that the purchasers of the sites in question have been frequently representing that the sales may kindly be confirmed early to enable them to build houses thereon, as they have already invested a considerable amount on the purchase of sites I therefore solicit the favour of orders as to whether the sale of the sites may be confirmed

I have the honour to be,
Sir,

Sir,

Subject - Sale of site in the existing Shandy Maidan at Chellakere disposed of by public auction

---

Adverting to your letter No L 5279/M1 120-42-237 dated the 22nd November 1943 calling for explanation for the delay in the submission of a report with records relating to the above subject, I have the honour to state that your letter No L 427 dated the 9th July 1943 was received in this office on the 11th idem and a report was called for from the President, Challakere, on the 14th July 1943, with the connected records He was particularly asked to report about the alleged gift of the sites in question by one Kanakakalle Ramanna in 1870 and whether the gift referred to, was brought to the notice of the Municipal Council before it was decided to sell the sites in public auction and if not to place the matter before the Municipal Council and communicate its resolution in the matter The report of the President was received in this office on the 27th July 1943 but it was returned that very day to him asking him to obtain and submit the resolution of the Municipal Council in the matter as already called for As directed before, the matter was placed before the Municipal Council on 6-8-1943 and the report of the President with the resolution of the Council, was received in this office on the 19th August 1943 A draft letter was put up to Government on the 24th idem furnishing replies to the allegations contained in the petition received with your letter of the 9th July 1943 But as the sale records had not been received from the President of Challakere Municipality, I had to get the same from him by issuing a memo on 26th August 1943 and a reminder on the @ 6th September 1943 and the records were received in this office on the 13th September 1943 and a final report was submitted to Government on the 24th September 1943

In the circumstances explained above, it will be seen that the matter was under correspondence between this office and the President of Chellakere Municipality and that the records could not therefore h

Sir,

With reference to your letter No L 7230 dated 17th January 1944, I have the honour to inform that I inspected the Challakere shandy area on the 19th instant with the President, Municipal Council, Challakere and the Assistant Sanitary Engineer Sanitary Sub Division, Chitaldrug I am of opinion that the site is not suitable for the construction of houses as immediately adjoining the site are a series of paddy fields If this site is to be built on, the paddy fields within two furlongs should be converted into dry and the channel that feeds the wet lands should be diverted so that they do not run close to the site within two furlongs The site cannot be built on for extension purposes as it is

Further, I understand from the talk that I have had locally that the people who have purchased the sites have purchased them for putting up grain godowns and not for residential purposes This site is not suitable for grain godowns as it is too close to the town from the plague prevention point of view

Sir,

With reference to the Correspondence ending with your letter No A6-8/434 dt 21.12.43 on the question of the disposal of the Shembaga area in the Challakere Minor Municipality, I am directed to state that as the area is ~~not fit to reserve habitable buildings upon~~, the sale may be got cancelled and the area resold

refuses to be not suitable for the construction of houses, as immediately adjoining the same are a series of pools/fields and that the sites cannot be built upon for extension purposes. In the case the sale already held is cancelled the sites fixed in the auction cannot be disposed of.
